If you are an educator and wish to consider one or more of our books or our business plan software for adoption as course material, we will provide you with a review copy.

**Hard Copies:** If you want a hard copy of the book you are considering for adoption, we charge a prepaid fee of \$12.00 to offset our costs. If you need a hard copy of the software, we charge a prepaid fee of \$35.00.

**To Order Review Hard Copies:** Complete the form and FAX or mail it to us along with a page of your school's letterhead. Please indicate your method of payment. We accept checks, money orders, or credit cards including VISA, MasterCard, and American Express. Be sure to completely fill out the form. You may also order by telephone. However, the order will not be processed until we have received a copy of your school's letterhead to attach to your request.

All orders will be sent to you within twenty-four hours unless that item is temporarily out-of-stock. In that case, your order will be sent out as soon as the title is available..which should be within a few days of your request.

## Instructor Copies:

We supply one free instructor's copy for every 25 copies of an adopted title ordered through the bookstore. **We can help with instructor materials for our three titles:** *Anatomy of a Business Plan*, *Steps to Small Business Start-Up*, and *Keeping the Books*. Instructors should contact us by telephone (972-241-1144) regarding supplementary materials.

For *Anatomy of a Business Plan* and *Automate Your Business Plan*, we have developed a powerpoint presentation that is available to instructors.

**To Order Instructor Copies:** Complete the form and FAX or mail it to us along with a page of your school's letterhead. All instructor's copy requests must be accompanied by either a copy of your bookstore's purchase order indicating quantity and the date of order or a copy of your requisition to the bookstore.

If you have purchased a site license for *Automate Your Business Plan* software, an instructor's copy will automatically be shipped to the school with your order. You will be free to load the software on both your school and home computer.

## **Site Licenses for Automate Your Business Plan**

We have many universities, vocational schools, and small business development centers using our business plan software in a computer lab environment. By paying a one-time fee, the software will be licensed for multi-users on multiple computers. This means that once installed, the software will be available for current and future classes of students writing their business plans in the computer lab under the guidance of an instructor or through independent study. See site license information and site license order form above.
